

Smoking gun on BCDA Lawyer Brigido Dulay, legal counsel of Poro Point Industrial Corp. (PPIC), shows to media during the Kapihan sa Sulo on Saturday the memorandum of Bases Conversion Development Authority (BCDA) general counsel Arnel Casanova to former Armed Forces chief of staff and now BCDA president Narciso Abaya, who said there is no legal basis for the termination of its contract with the private investor in the Poro Point seaport in La Union and alleged political pressure on him to reverse his legal position. Abaya ignored this and authorized the forcible takeover of the seaport last August 5.
